## I Knew I Loved You

Maybe it's intuition
But some things you just don't question
Like in your eyes, I see my future in an instant
And there it goes,
I think I found my best friend
I know that it might sound
More than a little crazy
But I believe...

I knew I loved you before I met you
I think I dreamed you into life
I knew I loved you before I met you
I have been waiting all my life

There's just no rhyme or reason
Only the sense of completion
And in your eyes, I see
The missing pieces I'm searching for
I think I've found my way home
I know that it might sound
More than a little crazy

I knew I loved you before I met you
I

Lydia,

We celebrate your success and all your hard work. We wish you fulfillment and blessings upon all that you pursue. Our hearts travel with you.
